#### **Introduction**

This policy refers to the following current NSWVGA Grass Greens Better Ball Championships which is a Stableford Championship.

#### **Applying to conduct these events.**

In 2020 NSWVGA Executive Council moved to call for Expressions of Interest from Clubs with eighteen holes to conduct this event. Successful applications will secure a three-year tenure of the event. Further expressions of interest will be called at the completion of the three-year tenure.

NSWVGA reserves the right to terminate the tenure period should the event not meet acceptable standards, relating particularly to the number of players.

#### **Conditions of Entry**

All players must be financial members of NSWVGA and produce evidence of such if required.

Entry fee will be determined by the organising committee and displayed on the Tournament Brochure.

A clear statement regarding refunds should also appear on the Tournament Brochure. NSWVGA recommends that a full refund be given up to two weeks before the event and a part refund thereafter representing green fees and associated food component.

The Brochure should clearly state that the event is a NSWVGA Championship and the NSWVGA logo must be evident on the front page of the Brochure.

The Brochure should also show the order of trophies to be presented and clearly indicate that all trophies are presented in accordance with the NSWVGA policy no 2.

#### **Numbers**

For all Championship events there needs to be a minimum of forty (40) players to constitute a Championship. This will mean a minimum of 20 pairs in all 4BBB events.

The number of trophies will be determined by the host tournament committee and will be dependent upon the numbers, competition fee and sponsorship.
